

# Secure Project Recovery Sprint

ClearedConnect x ShieldSpec

## 1) Problem

SCIF-adjacent projects lose time and margin when labor activation and scope/document recovery are handled as separate motions.

## 2) Offer

A 10-day recovery sprint that bundles:

- Cleared labor activation + sequencing
- Scope/document triage + risk closure
- Daily command cadence with owner map and unblock list

## 3) Buyer

Program managers, FSO/security stakeholders, facility/project leads under active schedule pressure.

## 4) Pricing Shape

- Fixed sprint fee (10 days)
- Optional extension retainer for continuity coverage

## 5) 48-Hour Validation

- Send to 8 PM/FSO contacts
- Book 2 discovery calls
- Convert 1 paid proposal

## 6) Why Now

This combines two proven trust lanes into one urgent, easier-to-buy offer.
